

# Bonitron, Inc.

*Dedicated to engineering quality industrial electronics since 1962!*

# Overview

Founded 1962

Privately Owned

Located in Nashville, TN

60 Employees:  
15 in Engineering

# What We Provide

AC Drive Solutions

Power Quality Solutions

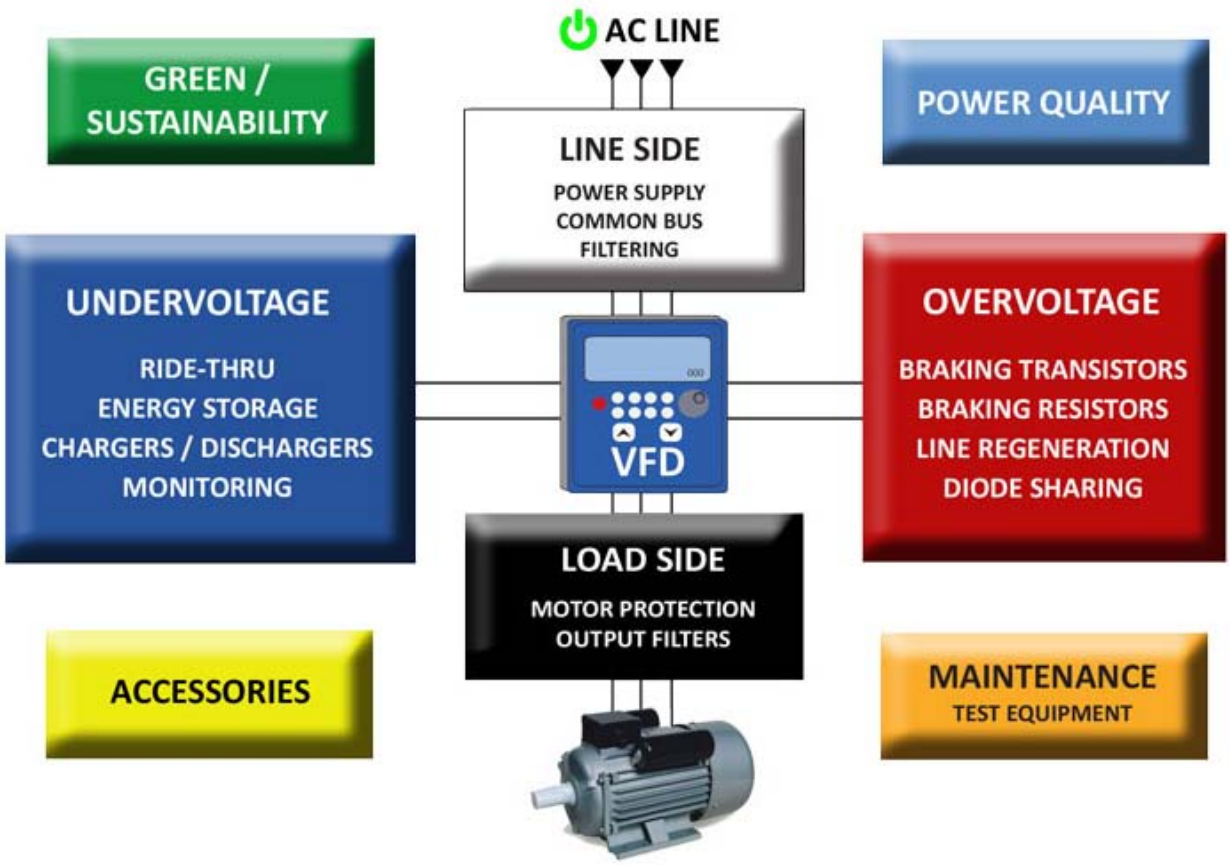

Energy Storage Solutions

Custom Industrial Electronics Solutions

# Standard Product Categories

# The Bonitron Advantage

Packaged Solution

Pre-defined Products

Proven Design

Fully Documented

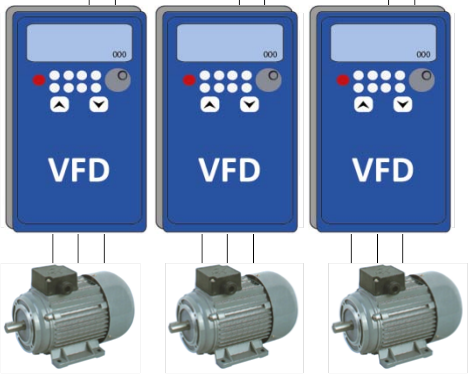

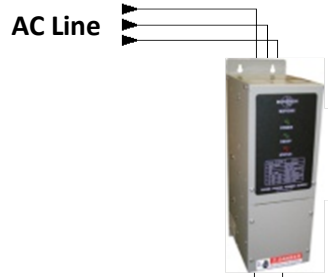

Brand Labeling  
Optional

Sales Collateral for  
Applications and  
Products

# Bonitron Connectivity

# Drive Manufacturers Supported

**AB**

**ABB**

**Control  
Techniques**

**Danfoss**

**Eaton**

**Reliance**

**Siemens**

**Square D**

**Telemecanique**

**Yaskawa**

# Bonitron History

1965-1970

Military /  
Government

1968-1975

Water /  
Waste Water

1964-1990

Industrial  
Product  
Development

1972-1990

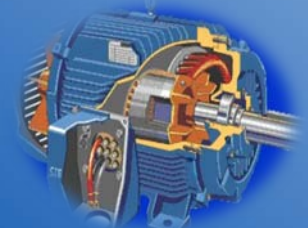

Synthetic  
fibers  
industry

Drive Systems

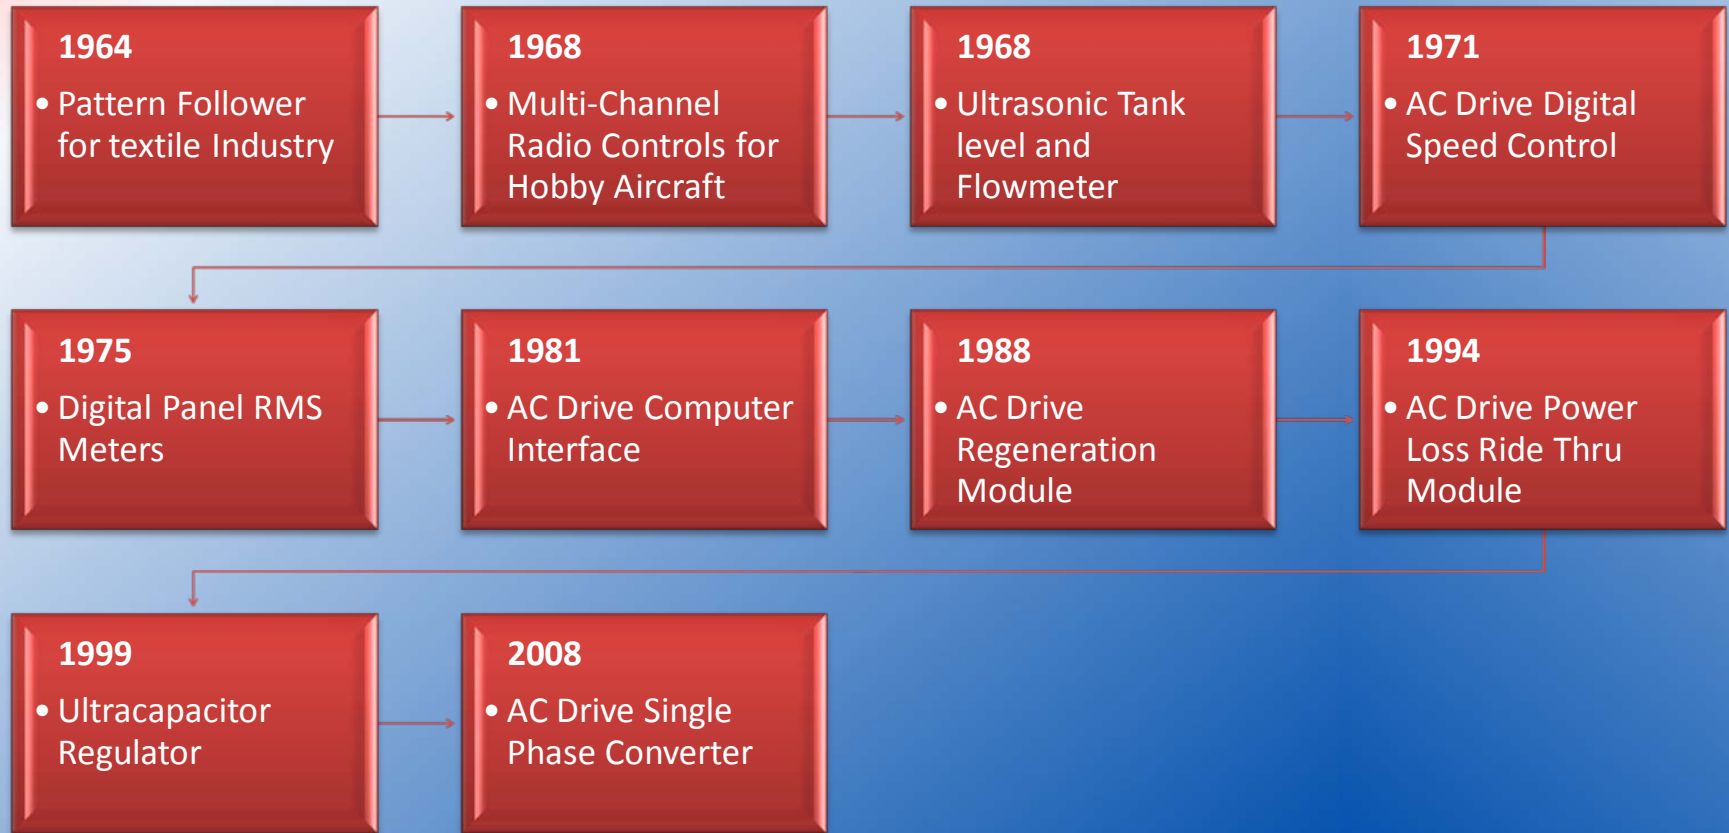

1985-  
Present

AC Drive  
Modules

# Industry 1<sup>st</sup>'s

# Significant Achievements

Over 4000 boards and products designed for EI DuPont

Distributed control of over 5000 drives in Synthetic Fiber Industry

Power Loss Ride-Thru for over 10000 drives in Synthetic Fiber Industry

Power Loss Ride-Thru standard for Semiconductor Manufacturing

Braking Standard for Houston Oil Rigs
